Harassment and Discrimination Policy

Under Australian law it is a requirement of every workplace to ensure it provides an environment free from all forms of harassment and discrimination, including victimisation and bullying. In doing so, all staff and students are treated fairly and have the opportunity to feel safe, valued and respected.

By definition, harassment includes any form of behaviour that is unwanted, unwelcome or unreciprocated by relevant persons. This may manifest as verbal or physical harassment, but includes any acts that may be perceived as humiliating, offensive, intimidating, threatening, discriminatory or otherwise contributing to an unpleasant workplace or experience for the persons.

At A1 Group Training it is made known that in the event that a person considers that he or she has been or is being harassed, this person should be encouraged to inform the other party that their behaviour is objectionable and should not be continued, provided they are comfortable with confronting the offender. In instances where the person is not comfortable discussing the matter with the offending party, a trainer or other A1 Group Training staff member should be informed of the situation. In this case it becomes the responsibility of the relevant staff member to follow A1 Group Training policy and procedures to rectify the situation.

All students and staff working with A1 Group Training have the right to discuss matters of harassment with the relevant members of staff without making a formal complaint; all discussions are dealt with in confidentiality. The right to lodge a formal complaint of misconduct against the offending party is available and will be actioned according to A1 Group Training complaint policy and procedures.

A1 Group Training

A1 Group Training ensures that all staff are adequately trained in dealing with harassment and discrimination in order to fulfil their roles and responsibilities in creating and contributing to a harassment and discrimination free workplace. In addition to relevant training, A1 Group Training management provides opportunities for communication and mentoring amongst staff to ensure that all employees understand and correctly apply the processes and procedures involved in identifying and addressing of all forms of harassment and discrimination.

This directive includes requirements for storage including: safeguards against unauthorised access, fire, flood, termites or any other pests, and to ensure that copies of records can be produced if the originals are destroyed or inaccessible. A1 Group Training enhances its compliance with this directive by protecting electronic files with up-to-date virus protection, firewall and spy ware protection software.

The data management system is Cloud based and offers the security and integrity expected of a reputable Cloud storage system. In addition, electronic records are copied to a portable hard drive, every four (4) week period. The portable hard drive is stored off site in a fire-proof secure location.

A1 Group Training software and hardcopy systems will retain student's results for a period of no less than thirty (30) years. If requested, enrolment information, training and assessment information or results of assessment will be provided wherever possible in accordance with A1 Group Training CEO's directions.

A copy of each testamur issued in hard copy format is retained in the student file. If requested, the testamur may be re-printed at any time within the thirty (30) year period after issue. This method ensures the original format, design, signature, date and units of competency are re-printed accurately and with a minimum of effort and expense.

Ceasing operation

In the event that A1 Group Training ceases to operate, its records will be transferred to ASQA in the appropriate format and detail as specified by the National Regulatory Authority at the time of ceasing RTO operations.

All other records including training records, taxation records, business and commercial records will be retained for a period of at least seven (7) years.

A1 Group Training will ensure that any confidential information acquired by the business, individuals, committees or organisations acting on its behalf is securely stored.

Access to Records

A1 Group Training has implemented a record management system that ensures that all students have access to accurate information regarding their learning in a timely fashion. To ensure this, employees are informed of their responsibilities for record keeping and the process is monitored through the continuous improvement process and improved where necessary. This section outlines the data management procedures that support our records management system.

Access to student records

Access to individual student training records will be limited to those required by the Standards, such as:

- Trainers and assessors to access and update the records of the students whom they are working with
- Management staff as required to ensure the smooth and efficient operation of the business
- Officers of ASQA or their representatives for activities required under the standards for registered training organisations
- Officers of Funding Bodies for audit purposes

A1 Group Training trainers and assessors will maintain accurate and current records of each student's progress and achievement of competencies in the area of their study. These records will be entered on the A1 Group Training database system during training and assessment or immediately at the completion of training and assessment.

As students complete each competency, the trainer or assessor will check the achievements against the relevant qualification packaging rules and sign off the successfully completed competencies.

All details of full or partially completed competencies will be recorded and stored on the student's file.

Upon successful completion of all relevant competencies within a qualification, the student will be entitled to receiving the full qualification. The certificate and academic record and / or statement of attainment will be produced and signed by A1 Group Training management or authorised trainer and / or assessor and presented to the student. The requirement of Standard 3 Clause 3 will be met at all times in that the certification documentation will be issued within 30 calendar days of the student being assessed as meeting the requirements of the training product and all fees have been paid.

A copy of all original signed qualifications issued will be secured in the student's file.

Student Access to Records

Students have the right to request information about or have access to their own individual records. A1 Group Training trainers and assessors or administration staff will provide the requested information or access. Students also have the right to request a hard copy of their own individual file that can be supplied as a printout from records retained within the data management system.

You should feel free to ask your A1 Group Training trainer and assessor or administration staff at any time for a printout of your progress.

Privacy

A1 Group Training considers student privacy to be of utmost importance and will practice a high standard of care and concern in regard to maintaining student privacy in all aspects of business operations. Any persons external to the organisation acting on behalf of A1 Group Training are made aware of the confidentiality procedures and privacy policies prior to commencing work with A1 Group Training.

A1 Group Training will comply with all legislative requirements including the Privacy Act 1988 (Commonwealth) and Australian Privacy Principles (2014). The Privacy Amendment (Enhancing Privacy Protection) Act 2012 (Privacy Amendment Act) made many significant changes to the Privacy Act 1988 (Privacy Act). These changes commenced on 12 March 2014. The Privacy Regulation 2013, made under the Privacy Act, also commenced on 12 March 2014.

A1 Group Training ensures no student information is disclosed without the student's consent, except as required by law or in adherence to the Standards and funding bodies auditing requirements. Student consent must be obtained in writing from the student, unless the student is under the age of 18 years, in which case written consent from their parent or guardian must be obtained. Consent to disclosure of information forms and / or letters will be recorded.

Recognise Qualifications of Another RTO

A1 Group Training will recognise all AQF qualifications and statements of attainment issued by any other RTO. If any ambiguity is detected when validating a student's certification, A1

A1 Group Training

Group Training will seek verification from the relevant RTO before recognising the qualification or statement of attainment.

Procedure for Recognition of Qualifications

Students enrolling with A1 Group Training will be made aware of the recognition of qualifications policy by A1 Group Training staff at the time of enrolment to offer the opportunity of recognition of relevant qualifications or statements of attainment prior to the commencement of training. A1 Group Training trainers will remind students of the policy progressively throughout the duration of their course.

When a student presents an original AQF qualification or statement of attainment to a trainer or staff member, a copy of the documentation will be taken and submitted to A1 Group Training for verification. A1 Group Training will verify the authenticity of the qualification or statement of attainment.

The verified copy of the qualification or statement of attainment is placed in the student's file. Once verification of the qualification or statement of attainment has been established, A1 Group Training staff will inform the student and offer exemption from the relevant unit(s) of competency. Staff will ensure the student is aware of and understands what component(s) of their training and assessment are affected.

A1 Group Training staff will update the student's records accordingly.

Credit Transfer

Credit transfer refers to the transferral of academic credit obtained by students through participation in courses or national training package qualifications with other RTOs, towards a qualification offered by A1 Group Training. Credit transfer is granted on the basis that the credit validates the student's competency within the relevant qualification / unit of competence. Credit transfer of a qualification / unit of competence is available to all students enrolling in any training program offered by A1 Group Training.

Unique Student Identifier

The [Unique Student Identifier \(USI\)](#) scheme, enabled by the Student Identifiers Act 2014, allows students to access a single online record of their VET achievements. The scheme also allows for reliable confirmation of these achievements by employers and other RTOs. The online system provides each student with a USI.

The USI scheme will provide a national online authenticated record of student's training attainment and will serve as a building block for a range of vocational education and training reforms. Over time, the ability of students to access and share their training records will make enrolment processes more efficient for training providers and students. Training providers will have access to an online information source to manage student transfers between training providers, and the assessment of credit transfer and pre-requisites.

A1 Group Training will only issue a qualification or statement of attainment to a student after the student has provided a verified USI or A1 Group Training applies for a USI on behalf of the student. To avoid any delays in issuing certification documentation A1 Group Training will ensure that student's USIs are applied for or verified USI at the time of enrolment.

A1 Group Training will protect the security of all information related to USIs. Security measures are in place to protect both digital and hard-copy records from loss, damage or unauthorised access. A1 Group Training stores paper based records in locked cabinets. Digital records are backed up on a Cloud system. All AQF certification documentation issued by A1 Group Training is kept for 30 years. Where a qualification or statement of attainment is recorded in the USI scheme, A1 Group Training does not retain additional records to demonstrate this because the required records will exist within the USI scheme.

When reporting data about the training, each record of nationally recognised training that is provided to the national centre for vocational education research (NCVER) national VET provider collection will have a USI attached. This USI will used to draw down on this data collection in real time. This means that, in the future, students will be able to draw down a record of their VET achievements from one place. They can view this online or they can use the data to develop a transcript that they can attach to a job application, for example.

The USI will be increasingly useful for A1 Group Training when the data builds, A1 Group Training (with the student's permission) will be able to draw down information about that student's previous VET attainments throughout Australia. This will assist with assessing student's admission to courses, for credit transfer and in some circumstances, their eligibility for funding. More information is available from the [Department of Industry's website](#) where a comprehensive [video](#) outlines the USI scheme for A1 Group Training staff.

TRAINING AND ASSESSMENT

A1 Group Training is committed to delivering high quality training and assessment services that exceed the expectations of their students. To ensure this, A1 Group Training has implemented processes for data collection and analysis within its operations that ensure the continuous improvement of training and assessment. Continuous improvement measures in this area respond to the results of data analysis and involve all internal and external stakeholder groups.

The quality and continuous improvement policy and procedure defines the methods of data collection and analysis. In order to provide high quality outcomes to their clients and students, A1 Group Training ensures that strategies for training and assessment are developed and reviewed with effective consultation with industry and stakeholders.

Principles of Training and Assessment

Training and assessment strategies developed by A1 Group Training will adhere to the following principles:

- Training and assessment strategies are developed for each qualification / unit of competency that will be delivered and assessed
- All training programs will require the development of a training and assessment strategy for full and partial completion of a qualification
- Each training and assessment strategy will be developed in consultation with industry representatives, trainers, assessors and key stakeholders
- Training and assessment strategies will reflect the requirements of the relevant training package and will identify target groups and the amount of training required
- Training and assessment strategies will be reviewed annually through the internal review procedures

Quality training and assessment principles

A1 Group Training will apply the *Principles of Assessment and the Rules of Evidence*.

Principles of assessment

To ensure quality outcomes, assessment should be:

- Fair
- Flexible
- Valid
- Reliable

Fair

Fairness in assessment requires consideration of the individual student's needs and characteristics, and any reasonable adjustments that need to be applied to take account of them. It requires clear communication between the assessor and the student to ensure that the student is fully informed about, understands and is able to participate in the assessment process, and agrees that the process is appropriate. It also includes an opportunity for the person being assessed to challenge the result of the assessment and to be re-assessed if necessary.

A1 Group Training

Flexible

To be flexible, assessment should reflect the student's needs; provide for recognition of competencies no matter how, where or when they have been acquired; draw on a range of methods appropriate to the context, competency and the student; and support continuous competency development.

Valid

Assessment is valid when the process is sound and assesses what it claims to assess.

Validity requires that:

- Assessment against the units of competency must cover the broad range of skills
- Knowledge that are essential to competent performance
- Assessment of knowledge and skills must be integrated with their practical application
- Judgement of competence must be based on sufficient evidence (that is, evidence gathered on a number of occasions and in a range of contexts using different assessment methods). The specific evidence requirements of each unit of competency provide advice on sufficiency

Reliable

Reliability refers to the degree to which evidence presented for assessment is consistently interpreted and results are consistent with assessment outcomes. Reliability requires the assessor to have the essential competencies in assessment and relevant vocational competencies (or to assess in conjunction with someone who has the vocational competencies). It can only be achieved when assessors share a common interpretation of the assessment requirements of the unit(s) being assessed.

Rules of Evidence

These are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is:

- Valid
- Sufficient
- Authentic
- Current

Valid

Assessment is valid when the process is sound and assesses what it claims to assess.

Validity requires that:

- Assessment against the units of competency must cover the broad range of skills
- Knowledge that are essential to competent performance
- Assessment of knowledge and skills must be integrated with their practical application
- Judgement of competence must be based on sufficient evidence (that is, evidence gathered on a number of occasions and in a range of contexts using different assessment methods). The specific evidence requirements of each unit of competency provide advice on sufficiency

Sufficient

Sufficiency relates to the quality and quantity of evidence assessed. It requires collection of enough appropriate evidence to ensure that all aspects of competency have been satisfied

and that competency can be demonstrated repeatedly. Supplementary sources of evidence may be necessary. The specific evidence requirements of each unit of competency provide advice on sufficiency.

Authentic

To accept evidence as authentic, an assessor must be assured that the evidence presented for assessment is the student's own work.

Current

In assessment, currency relates to the age of the evidence presented by a student to demonstrate that they are still competent. Competency requires demonstration of current performance, so the evidence collected must be from either the present or the very recent past.

Connecting Training and Assessment with the Workplace

To maximise the outcomes for students, A1 Group Training ensures that every opportunity to connect training and assessment with the workplace is utilised. Opportunities will be developed in consultation with the relevant workplace personnel and responsibilities clearly communicated to all involved.

To identify a range of delivery and assessment methods that meet a variety of needs, an ongoing schedule of industry liaison and consultation will be adhered to. These consultations will be documented with meetings and memorandums acknowledged by those industry and enterprise representatives involved in consultation relative to the development of assessment strategies.

A1 Group Training will:

- Involve workplace personnel in planning workplace programs, where they are relevant to the training and assessment program
- Ensure that the training and assessment program makes full use of opportunities at the workplace
- Monitor each student's progress and the support provided to them by workplace personnel
- Consult with workplace personnel in the development of workplace training and assessment processes
- Inform workplace personnel of their training and assessment roles and responsibilities, and accept these responsibilities, where relevant to the training and assessment program
- Monitor support provided to each student by workplace personnel
- Monitor the student's progress

Information from workplace personnel is used to continuously improve training and assessment. A number of programs that engage employers or other parties who contribute to each learner's training, assessment and support services to meet their individual needs are available.

Assessment Policy

A1 Group Training acknowledges the critical role that assessment plays in determining the competency of students. In developing the assessment (including RPL) for each qualification and unit of competence, the *CEO* will ensure:

- Compliance with the assessment guidelines from the relevant training package, qualification and unit of competence of accredited course
- Assessment leads to a qualification or statement of attainment under the Australian Qualifications Framework (AQF)
- Assessment complies with the principles of competency based assessment and informs the student of the purpose and context of the assessment
- The rules of evidence guide the collection of evidence to support the principles of fairness, flexibility, validity and reliability
- The application of knowledge and skills is relevant to the standard expected in the workplace, including skills for managing work tasks, contingencies and the job environment
- Timely and appropriate feedback is given to students
- Assessment complies with A1 Group Training's access and equity policy
- All students have access to re-assessment on appeal

A1 Group Training implements an assessment system that ensures that assessment (including Recognition of Prior Learning) complies with the assessment requirements of the relevant training package or VET accredited course. A1 Group Training recognises that each unit of competency contains assessment requirements relating to; performance evidence, knowledge evidence and assessment conditions.

Training Guarantee

It is the intention of the CEO of A1 Group Training that all students will receive the full training services paid for at all times, including but not limited to training and assessment, assessment only, recognition of prior learning or short courses. The corporate structure, governance and financial management systems and processes guarantee the training for students enrolled with A1 Group Training. Specifically, the integrity, business experience and training expertise of the CEO ensure continuity of training and completion of training is guaranteed for all students. The continuous improvement and quality management practices employed by A1 Group Training CEO and staff are designed to proactively identify any anomaly that might cause a business interruption or training failure, and address this situation before any students are affected.

In the extremely unlikely event of a business interruption or training failure, A1 Group Training will make every effort to transfer currently enrolled students to a similar course with another RTO at no additional cost to the student.

A1 Group Training

Protecting fees prepaid by individual students

Student's training is protected by A1 Group Training's financial management policy and procedure.

Should an interruption occur while a student is enrolled in a training program, the student will be advised of any changes in writing (such as transfer to another course date, refund of fees) and given time to respond. The student will be given the opportunity to respond, agree or offer input on the course of action to be taken.

Protecting students where course fees are less than \$1500

The corporate structure, governance and financial management systems and processes guarantee the training for students enrolled with A1 Group Training. Specifically, the integrity, business experience and training expertise of the CEO ensure continuity of training and completion of training is guaranteed for all students.

Student's training is further protected by A1 Group Training's financial management policy and procedure. Fees less than \$1500 are not paid until the student enrolls in a training program or on completion of the training program. The Refund Policy protects any fees paid before the training commences or completed.

Protecting students that do not prepay in advance

Where fees are not collected in advance from individual students i.e. invoice in arrears, A1 Group Training will send each client/student an invoice after training is completed and before the testamur/certification is issued.

Third Party Training

A1 Group Training does not at this point in time deliver training and assessment on behalf of another RTO nor does it currently have any partnering arrangements with a third party to do training on A1 Group Training's behalf.

Recognition of prior learning

Recognition of prior learning (RPL) means recognition of competencies currently held, regardless of how, when or where the learning occurred. These competencies may be attained through any combination of formal or informal training and education, work experience or general life experience. In order to grant RPL, the assessor must be confident that the student is currently competent against the endorsed industry or enterprise competency standards or outcomes specified in Australian Qualifications Framework accredited courses. The evidence may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples. The assessor must ensure that the evidence is authentic, valid, reliable, current and sufficient.

A1 Group Training appreciates the value of workplace and industry experience, and recognises that students will acquire vocational skills and knowledge from a variety of

A1 Group Training

sources other than formal training. These skills are legitimate irrespective of how they were acquired and the RPL process is designed to provide validation of such relevant skills.

A1 Group Training's Recognition of Prior Learning Process

Recognition of Prior Learning (RPL) is an assessment process that assesses an individual's formal, non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and / or partial or total completion of a VET qualification.

The recognition of prior learning (RPL) process will be offered to and explained to all relevant students. All students will have access to A1 Group Training's RPL policy in this student handbook.

Students who believe they have already obtained current skills and knowledge that would otherwise be covered in the qualification / unit of competence for which they intend to attain, should apply for RPL at the time of enrolment. The student's skills and knowledge will be assessed and validated, and where appropriate, units of competency acknowledged and face-to-face training reduced.

As part of the A1 Group Training enrolment policy, trainers will advise students of the availability of RPL policy, explain what the process involves and how it relates to the attainment of the qualification. Trainers will remind students of this option progressively throughout their time in training, in order to provide multiple opportunities for students to engage in the RPL process.

When approached by a student seeking RPL, trainers will:

- Provide the student with copies of an RPL Introduction Letter
- Provide the student with information about the types of evidence that can be used to support an RPL application

Recognition of prior learning fee

The student will be charged 50% of the scheduled course fee. This includes the initial application, consultation either in person or via phone with a suitably qualified assessor, the RPL assessment and (if successful) certification.

Where the student is not able to achieve the full qualification through RPL and gap training is required, a training plan and costing structure will be mutually agreed upon. The basis of the cost structure will be pro-rata on a unit-by-unit basis based on the scheduled course fee.

Client Selection and Enrolment Procedure

Client selection

Enrolment and admission into some A1 Group Training programs is subject to meeting certain prerequisite conditions and/or entry requirements. Specific details of the prerequisites pertaining to these training programs are contained in individual course documentation and

A1 Group Training

are made available prior to enrolment. In the case that a potential student does not meet the prerequisite conditions and/or entry requirements, A1 Group Training staff will endeavour to assist them in understanding their options in regards to meeting the standards. Any questions regarding these arrangements can be addressed by trainers or A1 Group Training management.

Enrolment

The enrolment procedure commences when a student contacts A1 Group Training expressing interest in a training program(s). A1 Group Training staff will respond by dispatching by suitable means an enrolment form, student handbook, literature on the program(s) being considered and any other documentation that may be relevant.

Enrolment applications will then be assessed to ensure that the student meets any prerequisites and/or entry requirements that have been set for the selected course. Students will be informed of successful enrolment and sent information on the course and their course induction. Students who do not meet the prerequisites for the selected course will be notified of their unsuccessful enrolment and invited to contact A1 Group Training to discuss their training needs and alternative opportunities.

Pre-course letter

As an additional support to enrolling students, A1 Group Training will send a pre-course letter to the student prior to the commencement of training. Information includes the time, date and location of training, the resources the student should bring to the course and overview of the units of competency to be studied and the format/style of training to be provided.

Pre-course evaluation checklist

A pre-course evaluation of each student is conducted. Questions are designed to identify the student's needs, so A1 Group Training staff members can evaluate any requirements the student may have to improve his/her learning experience and outcome. These questions are integrated within the enrolment form.

The designated A1 Group Training staff member will receive and assess each student's pre-course evaluation checklist. A1 Group Training ensures that its practices are as inclusive as possible and do not unreasonably prevent any clients from accessing its services. Students are made aware of the access and equity policy via the A1 Group Training student handbook, and informed of their rights to receive access and equity support and to request further information.

A1 Group Training

A1 Group Training access and equity policies are in place to ensure that training opportunities are offered to all people on an equal and fair basis in all circumstances, irrespective of their gender, culture, linguistic background, race, socio-economic background, disability, age, marital status, pregnancy, sexual orientation or carer's responsibilities.

Practicing these policies will guarantee that any student who meets A1 Group Training entry requirements will be accepted into any training programs. If any student or staff member have issues or questions regarding access and equity, or believes they have been treated unfairly, they will be directed to A1 Group Training's management for consultation.

Language, Literacy and Numeracy Assistance

A1 Group Training course information and learning materials contain written documentation and in some cases, numerical calculations.

A1 Group Training recognises that not all students will have the same level of ability in relation to reading, writing and performing calculations. When an issue is identified by A1 Group Training staff or requested by a student, a language, literacy and numeracy test will be provided to assess the student's ACSF level and to identify if it is at the level for the qualification/unit of competency as outlined in the RII Resources and Infrastructure Industry Companion Volume: Foundation Skills or other relevant Industry Training Package Implementation Guide. This process is to ensure that all students who commence a training program possess the skills required to work at the core skill level of the qualification such as read work documents, complete reports, forms/checklists, ask questions and follow directions and complete work calculations and measurements.

A1 Group Training will endeavour to provide assistance to students having difficulty with language, literacy or numeracy to accommodate their needs. In the event that a student's needs exceed the ability of A1 Group Training staff to assist, the student will be referred to an external support agency so they have the opportunity to obtain the skills required to complete the training program.

Student support

Student support policy

A1 Group Training will make all reasonable effort and utilise a variety of available methods to assist all students in their efforts to complete training programs. A1 Group Training will determine the support needs of individual students and provides access to the educational and support services necessary for the individual student to meet the requirements of the AQF qualification, skill set or VET course as specified in training packages or VET accredited courses. A1 Group Training will continue to develop strategies to make support available where gaps are identified.

Trainers are responsible for ensuring that all students are aware they can contact their trainer or other A1 Group Training staff members in the event that they are experiencing difficulties with any aspect of their studies. Staff will ensure students have access to the full

A1 Group Training

resources of A1 Group Training to assist them in achieving the required level of competency in all nationally recognised qualifications.

In the event that a student is experiencing personal difficulties, training staff will encourage the student to contact A1 Group Training who will provide discreet, personalised and confidential assistance as according to the nature of the difficulties.

In the event that a student's needs exceed the capacity of the support services A1 Group Training can offer, they will be referred to an appropriate external agency. Extensive information regarding support agencies, resources and services may be sourced online. A1 Group Training staff members will assist students to source appropriate support.

Flexible delivery and assessment procedures

A1 Group Training recognises that some people are better suited to learning via teaching methods not usually obtained in the traditional classroom setting. With some minor adjustments to teaching and assessment methods, a student who is experiencing difficulty learning and achieving the desired results in the traditional setting may show considerable improvements.

The staff and management of A1 Group Training respect these differences among students and will endeavour to make any necessary adjustments to their methods in order to meet the needs of a variety of students. For example, the inability to complete a written assessment will not be interpreted as a sign of incompetence, provided the student can verbally demonstrate competency.

Acceptable adjustments to training and assessment methods may include, but are not limited to; having a trainer read assessment materials to students, having a student's spoken responses to assessment questions recorded or allowing a student to sit for an assessment alone in a different room.

A1 Group Training staff will pursue any reasonable means within their ability to assist students in achieving the required competency standards. In the event that a student's needs exceed the capacity of the support services A1 Group Training can offer, they will be referred to an appropriate external agency.

Reasonable adjustment

Reasonable adjustment means adjustments that can be made to the way in which evidence of student performance can be collected. Whilst reasonable adjustments can be made in terms of the way in which evidence of performance is gathered, the evidence criteria for making competent / not yet competent decisions (and / or awarding grades) should not be altered in any way. That is, the standards expected should be the same irrespective of the group and / or individual being assessed; otherwise comparability of standards will be compromised.

DISCIPLINE

A1 Group Training makes every effort to practice cooperation and mutual respect in all internal and external dealings to uphold high quality, professional training and assessment services. The same disciplined behaviour is expected of students as a contribution to a functional learning environment, and as a sign of respect to staff and fellow students.

Professional Behaviour

A1 Group Training Management advises any trainer or staff member who is dissatisfied with the behaviour or performance of a student that they have the authority to:

- Warn the student that their behaviour is unsuitable, or
- Ask a student to leave the class, without refund or acceptance into another course, or
- Immediately cancel the class.

If a student wishes to object or lodge an appeal against the disciplinary action taken, they have the right and opportunity to follow the A1 Group Training complaint procedure.

A1 Group Training staff are expected to maintain a professional and ethical working relationship with all other staff members, management and students. Breaches of the disciplinary standards will result in discussion between the relevant trainer and A1 Group Training, and appropriate action will be taken.
